

An aerial photograph of a dense urban landscape, likely Hong Kong, with numerous skyscrapers and a harbor visible on the left. A network of white lines with glowing nodes is overlaid on the city, suggesting a digital or data network. The lines connect various points across the city, with some nodes appearing brighter than others. The overall color palette is warm, with a yellowish-orange tint, especially in the upper left corner where the logo is located.

GOTRACK PLATFORM

FLEET MANAGEMENT SYSTEM

ABOUT US

VISION

To be Singapore's leading tech enabler for fleet management and supply chain enablement.

MISSION

To provide our clients with cutting-edge offline-online solutions to handle, manage and scale their fleet more efficiently than their competitors.

COMPANY BACKGROUND

Crosstrack is an operation management consultancy / fleet management provider based in Singapore. With over 10 years in the supply chain industry, our belief is that manpower based logistic has no place in an economy of disruption.

Growth can be possible with technology enablement and strategic partners who bring expertise and bandwidth to the table. Crosstrack is here to give businesses the sense of confidence that they can scale & grow without worries.

CROSSTRACK GO

Crossing into Growth Crossing into Growth Crossing into Growth Crossing
into Growth Crossing into Growth Crossing into Growth

An abstract geometric pattern consisting of numerous light gray circles of varying sizes connected by thin, light gray lines. The circles are arranged in a non-uniform, overlapping manner, creating a network-like structure. Some circles are larger than others, and the lines connect them in a way that suggests movement or flow between different points. The overall effect is a complex, organic-looking web of connections.
